Rural Municipality of Arm River No. 252  
Box 250  
Davidson, SK | S0G 1A0

Dear Reeve, Councillors and Administrator:

**Re: Alternate Road Construction Program Projects**

Thank you for the Rural Municipality of Arm River No. 252's interest in working with the Rural Integrated Roads for Growth (RIRG) Road Construction Program. Due to funding limitations, the following projects were **not** approved for funding from the RIRG Road Construction Program. However, these projects have been placed on an alternate project list, which may be approved if funding becomes available.

Project Name	Location
Girvin Grid West	N 21, 22, 23, 24-25-29 W2

If a project is considered for approval, our office will contact your RM to determine the eligibility of the project. If the RM of Arm River No. 252 intends to proceed with the project without funding assistance, please ensure that all program requirements are met to ensure that the project remains eligible in the RIRG Program. Of note, the only costs which would be eligible for assistance prior to approval of the project are those associated with engineering.

The project will remain on the alternate list until August 1, 2025, after which the project application will expire. If approved prior to August 1, 2025, all the program deadlines for tender, award, and completion of the project will remain unaltered. After August 1, 2025, if your RM remains interested in pursuing the project with funding, the RM of Arm River No. 252 is welcome to reapply for the project during the next intake period, scheduled for September 2025.

If you have any questions or concerns, please contact the RIRG Program Administrators by email at [info@rimg.ca](mailto:info@rimg.ca).

Sincerely,  
**Gaylene Mellon**  
Transportation Infrastructure Program Administrator
